### CONTRACTOR RIG RACK

- Professional quality system.
- Aluminum extension beams support longer loads.
- Durable stainless steel fasteners on all components.
- Rust-proof rack system with removable rear cross member has adjustable handles for easy loading.
- Four work winches included.

# Let's Roll!

**Pace Edwards Retractable Truck Bed Covers** provide secure storage to maximize your truck's hauling potential. Simply close and lock the cover to protect cargo and improve aerodynamics for increased fuel efficiency. Covers roll and stow inside a durable, flush fitting canister behind the cab. Our no-drill system provides quick, easy clamp on installation. These rugged, retractable truck bed covers are designed to accommodate fifth wheel hitches, with plenty of room to store tools and additional cargo.

From the original Roll-Top-Cover®, to the JackRabbit®, Full-Metal JackRabbit®, and the Bedlocker® Electric, all models are covered with Pace Edwards' 3 year "No-Worry" warranty, and are installed and serviced by North America's largest dealer network.

Get maximum hauling capacity for your truck with versatile Retractable Truck Bed Covers from Pace Edwards.

Retractable Truck Bed Covers

# Let's Roll!

## Bedlocker® Electric

- Easy remote control operation from up to 30 feet. (Includes two remotes).
- Cover opens or closes completely in under 30 seconds – with the option to stop at any point.
- Powerful electric motor with electromagnetic brake provides smooth operation and locks the cover into any position along the rails; no lock and key are required.
- The drive system incorporates a release lever that allows use of the cover in the event of a dead battery or lost remote.
- Tough, powder-coated all aluminum panels with patented silicone hinges interlock for strength and flexibility.
- Flush fit, aerodynamic design saves gas and provides a sleek low-profile appearance.
- Easy no-drill installation with patented Speed Clamps in an hour or less. (Most applications)
- Aluminum LoPro top cover mounts with the top of the bed rail for a clean look that enhances the beauty of your truck.
- Water is channeled to the base of the canister then outside the truck through drain tubes, keeping the truck bed dry.

Electric

## Full-Metal JackRabbit® and the Original JackRabbit®

Full-Metal JackRabbit's tough, black powder-coated aluminum deck is constructed with patented, interlocking silicone hinges for strength and flexibility.

- Both the Full-Metal JackRabbit and the JackRabbit share the features listed below. The difference is the deck material.
- Exclusive, Continuous Tension Spring™ allows cover to open automatically when the latch mechanism is turned. Closes easily with the use of a pull strap.
- Low profile Latch n'Lok™ handle is offset to the driver's side to permit easy access.
- Built-in pull strap engages the latch at 12" intervals along the side rails. Cover can be latched or locked in any one of these positions.
- Easy no-drill installation in less than an hour with the patented Speed Clamps. (Most applications)
- JackRabbit's impact resistant angled front canister is constructed of thermoformed ABS, that resists dents and scratches. No additional bulky shields are required.
- LoPro canister design mounts at the top of the bed rail for a clean look that enhances the beauty of your truck.

JackRabbit's deck is constructed with weather-resistant, padded polymer bonded to rigid aluminum panels.

This ArmorTek™ surface provides hard cover security with a "soft top" look.

## Roll-Top-Cover®

### The Original Hard Tonneau Cover

- Constructed with weather-resistant, padded polymer bonded to rigid aluminum panels. This ArmorTek™ surface provides hard cover security with a "soft top" look.
- Retracts into a canister at the front of the truck bed to maximize cargo capacity.
- Full width handle makes opening or closing the cover from either side a breeze.
- Key locks at the tailgate to secure your cargo.
- Continuous Tension Spring™ helps cover retract smoothly and easily.
- Weather protected, single key lock.
- No-drill, clamp kit is available as an option for most applications.
- Optional pull strap kit and handle insulator are available.
